

Emmas Memoirs: A Book of Comical Poems and Drawings with Emma as Your Hostess

Come join Emma in her cozy living room. She has written a book of her memoirs, and nothing would please her more than to share it with you. Her stories, written in poetic form, all have a humorous twist in them. It is no wonder they are all illustrated with cartoon-type drawings. Being the good hostess that she is, Emma will have a chat with you from time to time as she presents each group of her poems.

Things don't always go smoothly for Emma, but she has an undaunted spirit and is always willing to face new experiences with her best foot forward. Whether you are reading about her efforts to dance in spite of her two left feet, or the attempts of others to find Mr. Right for her, or some other topic, you will, no doubt, find Emma to be a lovable character. Adults of all ages will enjoy Emma's Memoirs.
