

Maybury Place

Maybury Place. Tranquil, safe, neighborly.

Until new residents move in to Number Seven and shatter the peace. Within hours of their arrival four-year old Matthew Fleming has vanished. When the residents rally to search for the young boy they find their new neighbors hostile and uncaring about Matthews fate. Events escalate when strange characters start visiting Number Seven, the police are seen calling and one of their homes is robbed. Suspicions grow, causing the original neighbors to unite, determined to defend Maybury Place from unsavory elements. But is everything quite as it seems? Are the new inhabitants as bad as everyone fears? And has the prior tranquility of Maybury Place merely masked hidden secrets? Little does the group know that banding together will provide the catalyst for change, lead to revelations and even bring a chance of love.
