

## Where Love Lies

A brilliantly original story that will resonate loud and clear with anyone who's ever been knocked sideways by love. When Felicity steps off the train on the way to meet her husband, she is so sure of everything. Where she is heading, what she will eat at the restaurant, the first words her husband will say when she arrives, their life together. Then she catches a scent of perfume in the air. Forgotten emotions rush to the surface, memories of another man she loved years ago. As it happens again and again, Felicity begins to make decisions that no one can understand. What is happening to her? Is she losing a part of herself, or finding one? How can she truly know where love lies? Every once in a while a book stops you in your tracks . . . A stunning study of love and life's regrets that will leave you breathless. **MIRANDA DICKINSON**
